Revolutionary Mini Tummy Tuck

A new non-surgical 'mini tummy tuck' treatment is now available in Northern Ireland.

Summer is a stone's throw away, and whether you plan on spending your summer holidays in a far-flung and exotic location or a bit closer to home, most of us are facing the same predicament. Namely, how we can blast our body into shape in time to slip into that body-hugging tee that we bought perhaps a little too optimistically last year, because let's face it, those pesky few pounds that were supposed to melt away - well, they haven't lost themselves.

Release those deep breaths - there's hope in sight, and it's called The Mini Tummy Tuck. Over the past few years there's been a growing trend in body contouring and body shaping procedures that shrink love handles and reduce fat and

cellulite on the abdomen, belly, back, arms, thighs, hips and buttocks. The best part? It's completely non-invasive. No surgery, no knives, no long recovery times.

You can typically expect to see results within two weeks

Yep - we're serious. Therapie Clinic was one of the first beauty clinics to start the revolution in Northern Ireland, and they're helping clients reduce stubborn fat deposits for good - without going under the knife.

The treatment has come all the way from Hollywood with a celebrity following that includes Kim Kardashian, Heidi Klum and Britney Spears. The clinic has reported a record demand for the treatment since it's launch. There is now a waiting list in two of the clinics in Northern Ireland.

It almost sounds too good to be true, but the process is grounded in scientific research which has found that applying heat and cold to troublesome areas helps melt fat cells while leaving skin and muscle tissue unaffected. Treatment takes place using FDA-approved technology, with individual sessions lasting up to 70 minutes. Patients meet

with Therapie Clinic's specialists to discuss the best treatment options for their Mini Tummy Tuck, depending on their individual body shape. The Tummy Tuck employs a bespoke approach of freezing and heating techniques in order to maximise fat loss. The blended programme can reduce fat by up to 40%. You can typically expect to see results within two weeks. It'll take about 90 days to see the full effects of the body blitzing fat detox.

One of the best features of the Mini Tummy Tuck is that it can work for different body types: it's great for those who are fit and near their

optimum weight but still have problem love handles or cellulite. The treatment is also hugely beneficial where clients want to target their tummy area post pregnancy.

If you want to see measurable results; toned skin and an improved silhouette, try the non-invasive mini-tummy tuck at Therapie Clinic.

Clinics include Donegal Place in Belfast, Carlisle Road in L/Derry, Merchants Quay in Newry and a new clinic in Enniskillen. Call Therapie Clinic for a free consultation on 08000 121 565 or see www.therapieclinic.co.uk.

Summer of Fun at Kellys Golf Centre

What a Summer they are having at Kellys Golf Centre, The Avenue, Milltown Street, Burren. The ever popular Junior Summer Camps are well under way. Once again they are jam-packed with fun games, competitions and prizes, as well as being the perfect opportunity to learn what the game of golf has to offer your child. Each Summer Camp runs for 2 weeks on a Monday, Wednesday and Friday, 3 hours per day, 10am to 1pm, and only costs £50 - there are 2 camps in August, so book now to avoid disappointment.

Kellys Golf Centre pride themselves in mixing with the local community. In June they visited the St. Dallon's Primary School, Warrenpoint, Sports Day. As well as useful tips being handed out by their resident PGA Professional Dougie Bell, they ran a mini chipping competition. The entry fee was 50p and all the proceeds went to 2 girls from St. Louis Grammar School, Killeel, who will be visiting Africa.

On Saturday 5th July, representatives from Kellys Golf Centre attended the Youth Fest in Kilbroney Park, Rostrevor. This time they ran golf competitions for children and parents free of charge in an attempt to emphasize that golf is not just for the dedicated players but that it can also be used as a social outlet; especially at Kellys Golf Centre where they host many parties and social gatherings.

The second big event at Kellys Golf Centre, the Student Challenge, took place on Saturday 26th July - follow Kellys Golf Centre on Facebook and Twitter to find out the winners of all the prizes that were up for grabs.

Amy from St. Dallon's Primary School gets some valuable advice from Dougie Bell, the resident PGA Professional at Kellys Golf Centre.

Kellys Golf Centre continue to come up with different ideas to make your visit as enjoyable as possible. On Tuesday evenings they have a Longest Drive Competition, on Thursday evenings they allow all customers to hit as many balls as they want in the Driving Range, and if that isn't enough, every Friday between 5pm and 7pm they have a Closest to the Pin Competition.

Without doubt, Kellys Golf Centre offers a lot and can be enjoyed by all. The facilities are open 7 days a week so why not call in and have some fun.

LASER HAIR REMOVAL 80% SUMMER SALE

**Up to 80% off Laser Hair Removal at Therapie Clinic:
Plus claim your bonus free treatment**

We're now in shorts and swimsuit season! While we can't wait to show off some skin, we're less than happy about the hair-removal upkeep it requires. Shaving, waxing, sugaring, depilating, tweezing - no matter how often anyone does it, the hair always comes back. The one possible exception is laser hair removal, which removes most unwanted fuzz and stubble. Once prohibitively expensive and available only to people who allowed their hair to grow between treatments, laser hair removal is now within reach of more people.

Laser hair removal has never been so affordable. Therapie Clinic, the leaders in laser hair removal are doing a special offer on Laser Hair Removal. They are including a free treatment along with every course of laser purchased in their 80% Sale. If you have ever considered laser then now is the time to try it out.

Imagine never having to think about time consuming, bothersome and downright painful and waxing and shaving, ever again? Picture it now - stubble free, smooth and silky legs! Laser works well on pale skin and dark hair, it is best to book in for your treatments before you fly off for your holidays. In short, Therapie Clinic has the most advanced laser machines, in the most luxurious of environments. It's a treat going along for treatment! Their clinics are a quiet haven away from the hustle and bustle of every day life. Star Rating: XFactor's Melanie McCabe is a big fan of Therapie Clinic. "I just love laser. I cannot believe the difference already. I never have to worry about waxing or shaving again!"

Thérapie Clinic is also the most affordable, offering the most competitive of prices, 0% interest, free consultations and patch tests. Therapie Clinic are offering up to 80% off Laser Hair Removal at the moment in their summer sale. Why not book a free consultation and experience the star treatment yourself, call 08000 121 565 or learn more online at www.therapieclinic.co.uk

Laser Eye Surgery

Pamela Ballantine shares her surgery experience

In my line of work, I am so reliant upon my vision, my reading and ultimately my eyes. So needless to say, they are very important to me. My biggest problem was my reading vision really wasn't great and neither was my distance vision but I had coped by using my contact lenses.

I had considered Laser Eye Treatment for some time, but had never got around to it. However a friend of mine recommended Optilase, facing the City Hall in Belfast, and suggested I should go for a Consultation.

When I heard that the Kamra treatment was exclusive to Optilase in NI and Optilase were the number one provider in Europe and 2nd in the world in terms of completed treatments, I was greatly reassured and this made my decision to visit an easy one.

After speaking to Optilase and answering some simple questions, I had booked my Consultation. First step taken then!!

My initial Consultation was around an hour long. So I went along to the Flagship Clinic and Surgery Centre, opposite Belfast's City Hall. The Clinic was like being at a 5 Star hotel! The staff were absolutely tremendous and I was immediately completely at ease. Bring it on, I thought!

So, after a coffee, (which might I add, was excellent), I filled out a simple form, and met my Optometrist who would be looking after me for the next hour. He was very reassuring and answered some of my very silly questions. I was completely put at ease.

He explained how the Consultation would proceed and took me for some scans and pictures of my eye. I confessed to doing some homework on the technology that Optilase use and felt very informed and completely reassured throughout the process.

A big thing for me also was the reassurance of the Optilase Lifetime Care Guarantee – basically Optilase look after and treat my vision for the rest of my days, even if I needed to be re-treated further down the line, at no extra cost!

After the scans and eye test, it was time for the big

result – and I was absolutely delighted to hear that I was suitable for Treatment. Hurrah!! By now I really wanted it done and I was shown the potential about how good my vision could be afterwards. I really wanted complete freedom from those cumbersome glasses.

So two weeks later the big day came – and I approached this with some confidence, however I must admit that the day before surgery I was a bit nervous. The morning of surgery I was still a bit anxious but I needn't have been.

I then met with the Surgeon (for which there is also no fee) Medical Director Dr. Wayne Crewe-Brown. He has performed more than 40,000 of these treatments and he talked me through my different treatment options. I spent over half an hour with Dr. Crewe-Brown and felt completely reassured at the end of my Pre-Op. I opted for the KAMRA Treatment, with laser – exactly as the Surgeon had described and recommended to me. This would give me my near and distance vision and would do away with glasses altogether!

The actual surgery itself was over within minutes and I quickly realised there was no reason for me to have been nervous. The Surgeon was fantastic and talked me through each part of the procedure – the Nursing and Care team were second to none. There was no pain whatsoever during surgery – a question I have been asked by almost everyone I have met since the surgery, as there are so many myths out there about laser eye treatments.

This is the best decision I have ever made, I now see life in full HD!

After surgery my eyes were tender initially, a sensation I compared to the experience you have after cutting raw onions. My eyes were watering all the way home and I had to wear black sunglasses to protect them, although the staff did advise me that I would be light sensitive straight away as my 'new eyes' got used to light again.

Following the advice from the team at Optilase I went

Pamela Ballantine with Wayne Crewe-Brown and the Optilase Team at Optilase Belfast

home and relaxed – when I woke in the morning life had taken on a whole new perspective. Being able to see so clearly without glasses was the strangest feeling ever, absolutely fantastic and I was more than a bit emotional – I don't mind admitting. My near vision settled and dramatically improved after the next few days. Just out of habit I even reached for my glasses (trust me; it takes a while before you will break that habit). If I had some advice for anyone out there who wears specs, get it done – and get it done now! If only I had it done years ago.....

My advice? Find out if you can have it done – if you are suitable, find a way to have treatment – it will change your life.....I'm glad I did!!

Packed programme for the 2014 Maiden of the Mournes Festival

Last year's Maidens had a ball!

All the usual fun plus a music extravaganza

Sunday August 3rd sees the return of the highly anticipated week long Maiden of the Mournes International Festival.

Now approaching our 25th year the Festival line up for 2014 boasts a host of new, exciting events for people of all ages.

From cross-genre concerts, family parades, a fireworks extravaganza, adventure sports, more kids events than ever before right through to the Selection and Crowning of the new "Maiden of the Mournes" the line-up works hard to exceed visitor

expectations.

This year also sees the introduction of "Rock the Point", with high profile acts confirmed such as Nathan Carter, Bagatelle, Smokie and Roy Chubby Brown to name but a few.

An event simply not to be missed. For further information please visit our respective websites: www.maidenofthemournes.com/ www.ajspromotions.com or telephone AJS Promotions on 028 8284 0200.

Country's big two set to 'Rock the Point'

They are two of the hottest properties in Country music at the minute and in one week both will be on stage at the biggest musical event in County Down this Summer. As part of the Maiden of the Mournes festival in Warrenpoint, AJS promotions have secured the services of the one and only Nathan Carter and Mike Denver and tickets are already selling like the proverbial hot cakes! No surprise really with the two selling out shows up and down Ireland and the UK.

Mike and his wonderful band will take to the stage at the specially designed marquee in the town centre on Tuesday August 5th with one of the new kids on the block Johnny Brady as support. Mike's latest single (and of course the dance that goes with it) "Tommy K the DJ" is hugely popular and receiving endless airplay. He's been on the road now since 2003 but is a fresh and exciting act day one.

"Good Time Girls" is the latest hit single from the phenomenally successful Nathan Carter. That could certainly be the mantra for this year's festival too as the Maiden of the Mournes celebrates 25 years. The girls and everyone else will have a good time when Nathan and his band appear on Friday August 8th with young Ben Currie as the support. Nathan has enjoyed massive success and has brought country music to new heights in popularity. Comfortable with a ballad or a rock and roll classic the young Liverpoolian with strong family ties to County Down has out-sold One Direction and Michael Buble with his hit Wagon Wheel and continues to be a massive attraction all over the country and beyond. A new album's on the way too with the DECCA label in the UK. This

show is set to be a sell-out, tickets are on sale but for both shows it will be pay on the door as well.

It will be a summer of spectacular music and entertainment as we "Rock the Point" from comedy to country, from Celtic rock to pop, The Maiden of the Mournes festival celebrating 25 years will be one long party in the County Down town of Warrenpoint.

A state of the art marquee will host the likes of our country sensations Mike Denver and Nathan Carter, Ireland's original super group Bagatelle the outrageous Roy "Chubby" Brown and international superstars Smokie all at one venue over a week that will rival any other line up in Ireland this year. Under the guidance of AJS promotions who have a decade of experience under their belts this year's "Rock the Point" will be the perfect accompaniment to this hugely successful festival. Tickets for all the shows are now on sale but patrons will be able to pay on the door

Nathan Carter

Mike Denver

which says promoters affords them the freedom to come along at short notice.

The quality of the acts are unquestionable and the organisers have kept admission prices to a minimum, meaning that every show over the week is affordable. There is literally something for everyone and none of the performers need any introduction as we Rock The Point this August.

Saturday August 2nd Bagatelle and More Power To Your Elbow Tickets from £15. Sunday August 3rd, Whistlin Donkeys and The Mindbenders, tickets from £10 pay on the door. Tuesday August 5th, Mike Denver with Johnny Brady, tickets from £15. Wednesday August 6th Roy Chubby Brown, tickets from £22.50. Thursday August 7th, Joel Corry, tickets from £10. Friday August 8th, Nathan Carter with Ben Currie, tickets from £15. Saturday August 9th, Smokie with Brush Sheils, tickets from £20. Sunday August 10th, Crowning of the new Maid with Justin McGurk, tickets £10 pay on the door.

All events are over 18s only with doors opening at 7.30pm. Tickets are available from AJS Promotions with a £2 booking fee. Or from the Home & Security shop or the Tuck Shop Warrenpoint Full details available from www.ajspromotions.com or facebook Rock the Point for competitions etc.

Managing Anger

Anger is an emotion designed to help us defend ourselves and our property; an ancient survival mechanism used by our forefathers to fight off physical danger. Nowadays, the majority of anger outbursts occur, not due to any real threat, but because our sense of identity is criticised, or because we don't get what we expect from others. Such outbursts are like an over sensitive smoke-alarm firing off unnecessarily, creating chaos and fear in the home, workplace, schools, etc.

Our anger destroys relationships. We may apologise after an outburst, but with each outburst we lose a part of the person and a level of trust is gone. The child, partner or work colleague may "walk on eggshells" attempting to avoid further outbursts. But, often to no avail. The culprit will explode repeatedly. The recipient is not to blame. The problem happens because of "trigger factors" in the culprit's brain. These result in a surge of anger, in spite of little or no provocation. Human Givens psychotherapists can help those who have explosive anger allowing them to deal with these "triggers" and stay calm no matter what.

Anger is produced by a primitive part of our brain, which we share with reptiles. When "triggered", it prepares the body

Paul Grant

to fight the danger. The red-faced, menacing individual is literally in-for-the-kill. Access to their cognitive (thinking) brain stops and the angry person is no more logical than a reptile. They are literally stupid, and should be avoided until they calm down.

Most people want to control their anger. Most, but not all, feel guilty after the outburst and want to stop. Indeed they may promise to stop, but "lose it" again and again. Modern brain science shows that when "triggered", the brain produces anger in 1/50 of a second. The person has no

control over the anger in that timescale. No, the anger has taken control. That is why it is so hard to break the habit. New skill must be learned and practiced. Some people practice smugness and say they don't get angry, they are wrong! We all do. It may manifest not as an outburst but as, sulking, sarcasm or malicious gossip. All equally destructive! Have a look.

Human Givens psychotherapists have the basic tools to control anger for those who want to stop being angry. These include; Breathing - Making the out-breaths 1/3 longer than the in-breath quiets the anger; Exercise - 30 minutes 5 times per week, improves our mood and our logic. ABC Model, become Aware of the anger, Block and Challenge the angry thoughts.

If you get angry too quickly and too often consider making an appointment with Paul Grant who is a Consultant Psychotherapist in Human Givens therapy. Paul runs a private therapy practice from The Newry Clinic, Windsor Hill, off the Belfast Road. Paul works daily with patients who are depressed, anxious, stressed, addicted, angry, suicidal, experiencing relationship difficulties, have phobias or panic attacks. To make an appointment or talk with Paul, call 077 3973 1424 or 028 3044 1668.
